# INDEX

VOL. XXIV, 1930-31

*Note.*—In this volume two series of numbers are used for pagination, one being the sectional page number and the other the volume page number. The latter only is used in the Index. It is hoped that this change will help readers when using the bound volumes.

- Abdomen**, acute, diabetic, treatment of, 464
- Abdominal** carcinomatosis, with probable adrenal involvement, case of, 139
- muscles, absence of, congenital, complete genito-urinary tract from case of, specimen, 564
- operations, dental sepsis and, 449
- Abdomino-perineal** operation, radical, for cancer of rectum, present position of, in regard to mortality and post-operative recurrence (W. E. Miles), 989
- Abrahams, A.**—Pulmonary arthropathy; enlarged liver and spleen, 1181
- Abrasive** powders, manufacture of, silicosis in, 86
- Acetabula**, intra-pelvic protrusion of, 277
- Achlorhydria**, incidence of, 447, 448
- results of, 448
- Acidosis**, in relation to supply of sugar to school children, 1106
- Acne** agminata (acne of Barthélemy), 398, 1364
- bacillus, eruptions of external auditory meatus due to, 1396
- cachecticorum, case of, 1013
- conglobata, case of, 1013
- Acne** of Barthélemy (acne agminata), 398
- Acrocephaly** with syndactyly, case of, 108
- Acromegaly** treated with radon seeds, 481
- Actinomycosis** and suppurative disease of lung, 14
- Adam, J.**—Discussion on tuberculosis of ear, 967
- Addison's** disease treated by intravenous cortical extract, 497
- Adenitis**, tuberculous, generalized, simulating lymphadenoma, 851
- Adenocarcinoma** of undescended testicle in the horse: ? secondary growths in lung and mediastinum, 1139
- Adenoid** curette, improved, 1040
- plane, 1040
- Adenomatoses**, complete colectomy for, 1025
- partial colectomy for, 1026
- Adenopathy** and suppurative diseases of lung, 15
- Aerial** ambulance transport in undeveloped countries, 1571
- Air-sickness** and sea-sickness (Martin Flack), 635
- factors influencing, 635
- rotation tests for pilots and, 636, 637
- ventilation of cabins in relation to, 635, 636
- Aitken, D. McCrae.**—Fracture of external condyle of femur, 912
- two cases of cervical rib, 909
- of scoliosis, undergoing treatment in plaster jackets, 914
- Alcohol**, spasmodic entropion treated by, 611
- Alexis**, The secrets of. A sixteenth century collection of medical and technical receipts (John Ferguson), 225
- Alkalies** in treatment of renal complications of pregnancy, use of, 883
- value of, in treatment of some renal complications of pregnancy, and observations on the plasma bicarbonate (A. A. Osman and H. G. Close), 880
- Allan, G. Grant.**—Radiology of heart, 1241
- Alopecia** totalis in a boy after slight nervous shock, 98
- in a young woman, 97
- showing effect of ultra-violet light, two cases of, 392
- Ambulance**, transport in undeveloped countries (P. H. Henderson), 1657
- See also under *Transport*
- Amoebiasis**, intestinal, treatment of, modern methods of (P. Manson-Bahr), 1598
- scheme of dietary and combined treatment, 1544
- natural immunity in, 508
- Amputation** problems, some (P. Jenner Verrall), 183
- Amputations**, Chopart, 185
- emergency, 184
- Lisfranc group, 185
- mid-tibial, 185
- re-amputations, 184, 185
- Syme's, 185
- Amputation** stumps, causalgia in, 190
- dressing for, 185
- ideal, requirements of, 183, 186

- Amputation** stumps, jactitation of, 190  
 lesions affecting, 187, 188  
 neuromata in, 189  
 sebaceous adenomata on, treatment of, 187  
 stiffness of joints and, 188  
 time for fitting prosthesis, 187  
 treatment of nerves in, 184  
 unsatisfactory, 187
- Amyotrophy**, syphilitic, case of, 312
- Anæsthesia** in anaesthesia in midwifery, 862
- Anæmia**, achlorhydric, simple (L. J. Witts), case of, 149  
 splenic enlargement in, 923  
 treatment with ferrous salts, results of, 550  
 and dysphagia, cases of, 1209, 1210  
 aplastic, in man aged 33, 707  
 Bartonellosis, and hæmoglobinuria in splenectomized rats, 1145  
 case of, ? type, 1049  
 following gastrectomy, risk of, 1283  
 following gastro-enterostomy for duodenal ulcer, two cases of, 707  
 from hæmorrhage, iron in treatment of, 543  
 effect of blood transfusion on hæmoglobin percentage in, 544  
 in fowls, 1142  
 microcytic, chronic, iron in treatment of, 546  
 obscure, of microcytic type, classification of cases of, 545  
 value of liver in treatment, 929, 942  
 with splenomegaly, case of, 148
- Anæsthesia**, barbiturates in, discussion on, 861  
 choice of, in operations on diabetics, 460, 463, 465, 467  
 in midwifery, the barbiturates in, 862  
 local and general, in relation to suppurative disease of lung, 7, 9  
 practice of, in United States and Canada, 103
- Analgesia**, spinal, with special reference to operations above the diaphragm (A. D. Wright), 613  
 advantages and disadvantages, 616, 617
- Aneurysm**, aortic, and (?) syphilis of lung, 279  
 arterio-venous, of posterior tibial vessels following operation for stabilizing the foot, 1378  
 popliteal, case of, 64  
 six months after Hunterian operation, 1030
- Angioblastoma**, retinal, or retinal capillary angioma, 374
- Angioma**, aneurysmal, of brain, 65  
 of anterior ciliary vessels, 390  
 of retina, 366  
 serpiginosum, cases of, 395, 396
- Angiomata**, capillary, retinal, or retinal angioblastoma, 374  
 multiple, case of, 389  
 of choroid, 378  
 of ciliary blood-vessels, 378  
 retinal, or tortuous fully-formed retinal vessels, 373
- Angiomatous** malformations of brain and spinal cord, 363
- Angioxyl** and various physical agents, obliterating arteritis of lower limbs treated with, 485
- Animals** and man, hæmopathies, including leukæmias of, pathology and treatment of, discussion on, 1141
- Animals** and man, radiological problems in, discussion on, 647  
 scabies and ringworm as transmissible between, discussion on, 1157  
 tuberculosis transmitted from, to man, 1140
- Ankle-joint**, fracture-dislocation of, reduced by operation 3 months later, 281
- Anthracois** and suppurative diseases of lung, 15
- Antiquity**, remote, oto-laryngology in, 1076
- Anus**, imperforate, case of, 995  
 relieved by colostomy in infant 2 days old: closure of colostomy at age of 6 years 992
- Anxiety** states in relation to sexual neurosis, 832
- Aorta**, ? coarctation of, 849  
 case of, 573
- Aortic** aneurysm and ? syphilis of lung, 279  
 stenosis, case of, 708  
 rheumatic, case of, 854
- Apophysitis**, bilateral, of os calcis, 1189
- Appendicostomy**, in treatment of ulcerative colitis, 796, 801
- Arachnoiditis**, chronic, complicating aural infection, 626
- Areolæ** papillaris, warty condition of, having superficial resemblance to acanthosis nigricans, 1645
- Arsenical** preparations of neosalvarsan type, antibacterial effect of, in blood, 816
- Arteritis**, obliterating, of lower limb, treated with angioxyl and various physical agents, 485
- Arthritis**, chronic, treatment of, by blood transfusion (W. S. C. Copeman), 1509  
 rheumatoid, exfoliative dermatitis associated with, 95
- Arthroplasty** of finger for malunion of fractures of phalanges; result 2 years after operation, 908  
 of knee, 903  
 pulmonary, enlarged liver and spleen, 1181
- Artificially-fed** babies, effects of iron therapy on, 552
- Ary-epiglottic** folds, inflammatory swelling of, 1210
- Asbestos** dust, effects of, 539
- Asbestosis**, pulmonary, cases of, 526, 699
- Asherson**, N.—Bleeding polypus of nose, 445  
 Colloid cyst of thyro-glossal tract, specimen dissected out, 1642  
 Endothelioma of tonsil, with Vincent's organism, 1642  
 Specimen of tumour removed from tonsil, 1641
- Aspiration**, bronchoscopic, in suppurative diseases of lung, 2
- Asthma**, bronchoscopic, aspiration in, 16  
 use of carbon dioxide to treatment of, 441
- Astigmatism**, high, contact glass for, 171
- Astragalus**, right, fracture of, 36
- Ataxia**, familial, two cases of, 1061  
 of cerebellar type following diphtheria, 567
- Atelectasis** in ætiology of suppurative disease of lung, 4
- Atrophoderma** following salvarsan dermatitis, case of, 1647
- Auditory** meatus, external, eruptions involving (H. W. Barber), 1393  
 due to external infections, 1395  
 due to infective organisms reaching skin through blood-stream, 1400

- Auditory** meatus, external, eruptions involving, due to involvement of cutaneous nerves, or nerve-ganglia, 1401  
of internal origin and allergic in nature, 1400  
nerve, intracranial division of, for relief of tinnitus, 634  
nerves, both, lesion of, together with several other cranial nerves on left side, 107
- Aural** cholesteatoma, pathogeny of (Dan McKenzie), 332  
infection, intra-cranial complications of, some general aspects of (G. Riddoch), 621  
chronic, 625  
chronic arachnoiditis, 626  
extra-dural abscess, 622  
lateral sinus thrombosis, 621  
localized non-suppurative encephalitis, 622  
meningeal abscess, 623  
meningitis, 622  
symptoms of invasion, 621
- Auricle**, cutaneous horn of, specimen, 1120
- Autodilatation** in treatment of cicatricial stenosis of oesophagus (G. Portmann), 1536
- Avertin** narcosis in the small domestic animals (J. G. Wright), 247  
of cat, acute necrosis of liver following, 1367
- Avery**, H.—Multiple osseous defects, 281
- Avian** hemopathies, 1142  
differential diagnosis of, 1144
- Backache** and cervical infection (C. A. Robinson), 1505
- Backache** cervicitis, syndrome of, 1505  
due to fracture of transverse process of first lumbar vertebra, 922
- Badcock**, J. H.—Discussion on full denture prosthesis, 1656
- Bailey**, L. D.—Malunion of radius, treated by diathermy, 275
- Bamber**, G. W.—? Darier-Roussay sarcoid, case for diagnosis, 682  
Paronychia due to yeast-like organism with curious discoloration of nails, 397
- Bankart**, A. S. Blundell.—Arthroplasty of the knee, 903
- Banti's** disease with rheumatic endocarditis, 705  
syndrome in syphilis, case illustrating, further report on, 287
- Barber**, H. W.—Angioma serpiginosum, 395  
? bullous lupus erythematosus, 1020  
Discussion on eczema of internal origin and other allergic diseases, 1171  
Eruptions involving external auditory meatus, 1393  
Lichen nitidus with hyperkeratosis of palms, 677  
Lichen planus atrophicus, 1356  
? Lupus erythematosus of buccal mucous membrane, 676  
Multiple angiomas, 389  
Nevus unius lateralis involving sebaceous glands and pilo-sebaceous follicles, 395  
Psoriasis arthropathica, 513  
Sarcoid, case of, 1021  
Syndosis treated by intradermal injections of staphylococcal vaccine, 1356  
Two cases of congenital ichthyosiform erythrodermia, 513
- Barbiturates**, classification of, 861  
in anaesthesia, discussion on, 861
- Barclay**, A. E.—Discussion on comparison of radiological problem in man and animals, 654
- Barnard**, W. G.—Discussion on vascular tumours of brain and spinal cord, 387
- Barnes**, E. B.—Congenital deformity and deafness, 362  
Discussion on injuries of ear arising from fractures of skull, 1115
- Barnes**, Stanley.—Case of unusual dissociation of voluntary eye movement, cinematographic demonstration, 874
- Barrett**, Lady.—? Chorionepithelioma, 878  
Discussion on interim report of Departmental Committee on Maternal Mortality and Morbidity, 407  
Primary carcinoma of Fallopian tube, 875
- Barton**, J. Kingston.—Discussion on food as a preventive of disease, 297  
on importance of sugar in diet of school child, 1108  
on research in clinical medicine, 167
- Bartonellosis**, anemia and hamoglobinuria in splenectomized rats, 1145
- Barwell**, H.—Discussion on precancerous conditions of larynx, 307
- Bayon**, H. P.—Discussion on pathology and treatment of hemopathies, including leukemias, of man and animals, 1141
- B.C.G.**, preventive inoculation against tuberculosis with (A. Calmette), 1481
- Beaumont**, J. H.—Contact glass for high astigmatism, 171
- Bedford**, D. Evan.—Inequality of pulses and pupils associated with hypertension and aortic incompetence, 1029  
Salyrgan in treatment of heart failure, 429
- Beever**, C. F.—Occlusion of naso-pharynx, 1634
- Benians**, T. H. C.—Discussion on indications for and value of intravenous use of germicides, 822
- Berkeley**, Comyns.—Discussion on interim report of Department Committee on Maternal Mortality and Morbidity, 412
- Biddle**, E., and **Grieve**, W. P.—Cutis verticis gyrata, 1011
- Bile-ducts**, congenital obliteration of ?, 1337
- Bladder**, carcinoma of, inoperable, treatment of, discussion on, 1549  
growths of, classification of, 69  
situation and extension of, 70  
papilloma of, unusually large, 469  
partial resection of, for carcinoma, results of (S. G. MacDonald), 69  
resection of, scope of operation, 71  
sacculus of, carcinoma beginning in, 469  
with carcinoma at orifice, 1238  
stone with nucleus of wood, 1236
- Blandin**, glands of, inflammation of tongue showing, 1039
- Blastomycosis** and suppurative diseases of lung, 15
- Blood**, bactericidal power of, effect of intravenous injection of hypertonic salt on, 816  
containing full complement of leucocytes, effect of adding chemicals to, 809

- Blood** disease, hæmopathy and, 1142  
 hæmolytic streptococci in, specific action of mercury compounds on, 817  
 normal bactericidal power of, in relation to germicides, 809  
 pressure readings during anaesthesia, practice in Canada, 104  
 transfusion, treatment of chronic arthritis by, 1509  
 vessel tumours of brain and spinal cord, discussion on, 363
- Boggon, R. Hodgson.**—Removal of stellate ganglion in Raynaud's disease, 984
- Bond, B. F. M.**—Thrombocytopenic purpura, post-splenectomy, 571
- Bone,** fibrocystic disease of, diffuse, associated with a parathyroid tumour, 781  
 Paget's disease of, complicated by fractures, four cases of, 689  
 secondary radiation from (J. C. Mottram), 1491
- Bouillaud, Jean Baptiste (1796-1881):** a pioneer in cardiology and neurology (J. D. Rolleston), 1253
- Bourne, A. W.**—Discussion on management of pregnancy, parturition and puerperium in tuberculous women, 1128, 1138  
 on relative value of induction of premature labour, test labour and Cesarean section in treatment of minor degrees of contracted pelvis, 1531
- Brachial plexus,** injury to, 38  
 post-fixed, case of, 1375
- Brachialgia,** with arthritis of shoulder-joint, 272
- Brailsford, J. F.**—Discussion on comparison of radiological problems in men and animals, 655
- Brain** and spinal cord, vascular tumours of, discussion on, 363  
 aneurysmal angioma of, 65  
 angiomatic malformations of, 363  
 anterior communicating artery of, aneurysm of, 1471  
 frontal lobes, tumours of, mental symptoms associated with, 998  
 vascular tumour of, 482
- Brain, R. T.**—Case of epidermolysis bullosa in girl aged 7, 1650  
 Case of loa-loa, 515  
 lupus vulgaris in vaccination scar, 398
- Brain, W. Russell.**—Discussion on mental symptoms associated with cerebral tumours, 1002  
 Exophthalmos and conjugate ocular palsies following encephalitis lethargica, 316  
 and **Curran, R. Desmond.**—The grasp-reflex of the foot, 869
- Bramwell, Crighton.**—Heart disease complicating pregnancy, 709
- Branchial** cyst, case of, 282
- Brander, J.**—Discussion on mental symptoms associated with cerebral tumours, 1004
- Bray, G. W.**—Discussion on adaptation of European women and children to tropical climates, 1326  
 on filariasis in Dutch East Indies, 673
- Breast,** fat necrosis of (D. Fitzwilliams), 976
- Brewerton, Elmore W.**—Entoptic phenomena, 45
- Brews, Alan.**—Discussion on relative value of induction of premature labour, test labour and Cesarean section in treatment of minor degrees of contracted pelvis, 1521, 1534
- Briggs, P. J.**—Discussion on ulcerative colitis, 788
- Brinton, D.**—Paget's disease of spine, causing compression of cord, 314  
 Pneumencephaly following fracture of skull, 315
- Bristow, W. Rowley.**—Discussion on some amputation problems, 191  
 Osteochondroma of pelvis, 909
- Brockman, E. P.**—Cases of (1) malunited fracture of femur, after plating; (2) ankylosis of knee at 100°, with much skin scarring, 1984  
 Two cases of disability at wrist-joint following excision of head of radius, 904  
 Unusual radiographic appearances in ilium, 1376
- Brockbank, W.**—Discussion on value of liver in treatment, 951
- Broderick, F. W.**—Discussion on importance of sugar in diet of school child, 1108
- Bronchi,** rupture of hydated cyst of liver into, 923
- Bronchial** obstruction in suppurative diseases of lung, 4
- Brochiectasis,** association with diseases of accessory nasal sinuses, 17  
 bronchoscopy in, 16, 17
- Bronchitis,** mortality from, effect of silica-dust hazard on, 532
- Broncho-oesophagoscope,** 1644
- Bronchoscopic** observations in suppurative diseases of the lungs (Chevalier Jackson), 1
- Bronchoscopy** in bronchiectasis, 16, 17  
 in diagnosis, value of, 20  
 in pulmonary abscess, 17  
 in suppurative diseases of lung, 22, 23  
 indications for, 3  
 supplementary to X-ray diagnosis, 21  
 value of, to physician, 1
- Brook-MacCormack** ambulance-stretcher, 1660
- Broughton-Alcock, W.**—Discussion on treatment of intestinal amebiasis, 1547  
 and **Weinbren, M.**—Generalized infection of muscles with *Cysticercus cellulosa*; measurements of cysts and comparison with those of *Trichinella spiralis*, 222
- Brown, L. Graham.**—Cholesteatoma performing for itself the radical mastoid operation, 362  
 Discussion on eruptions involving external auditory meatus, 1402  
 on injuries of ear arising from fractures of skull, 1115  
 on tuberculosis of ear, 966  
 Laryngeal growth, case of, 310  
 Right chronic temporo-sphenoidal abscess: Wagner's osteoplastic craniotomy and drainage; radical mastoidectomy five months later, 633
- Brown, R. King.**—Discussion on radiation in relation to human and animal nutrition, 1423

- Brown, W. Langdon.**—Discussion on sexual neurosis, 885
- Browne, F. J.**—Discussion on interim report of Departmental Committee on Maternal Mortality and Morbidity, 411
- Fatal case of acute puerperal inversion of uterus, 1625
- Value of pregnancy reaction of Zondek and Aschheim in diagnosis and prognosis of chorion-epithelioma, 1628
- Bruce-Pearson, R. S.**—Milroy's disease, 708
- Brug, S. L.**—Filariasis in the Dutch East Indies, 663
- Buccal** mucous membrane, ? lupus erythematosus of, 676
- Buchanan, D. N.**—Acute encephalitis with bilateral ophthalmoplegia, 1064
- Repeated attacks of hemiplegia with ataxia and bulbar palsy in a child, 1064
- Sub-arachnoid hæmorrhage with double vitreous hæmorrhages, 318
- Buchanan, Sir G.**—Discussion on food as a preventive of disease, 296
- Bulleid, W. A.**—Discussion on importance of sugar in diet of school child, 1108
- Bulls,** gland grafting in, 1478
- Burke, Noel H. M.**—Stigmata of degeneration in relation to mental deficiency, 413
- Burnford, J.**—Discussion on indications for and value of intravenous use of germicides, 825
- on ulcerative colitis, 801
- Burns, B. H.**—Osteochondritis juvenilis of lower ulnar epiphysis, 912
- Burrows, A.**—Case of mycosis fungoides treated by radon seeds, 1649
- Bursæ,** nævi, hydrocele and varicocele, injection treatment of (A. E. Porritt), 971, 973
- Burton, H. L.**—Discussion on minor head injuries, 1405
- Butler, R. W.**—Cases of (1) hæmophilic arthritis of elbow and knee in a boy; (2) arthritis of hip in a boy aged 17; skiagram suggesting pseudo-coxalgia, 914
- Buxton, St. J. D.**—Thrombo-angiitis obliterans, 280
- Cacolets** and other carrying devices in ambulance transport in undeveloped countries, 1663
- Caddy, Adrian.**—Calcareous keratitis, 169
- Cæsarean** section, induction of premature labour and Cæsarean section, relative value of, in treatment of minor degrees of contracted pelvis, 1521
- Calculus,** vesical, passed per vaginam, 875
- Calmette, A.**—Preventive vaccination against tuberculosis with BCG, 1481
- Camels** for ambulance transport in undeveloped countries, 1667, 1670
- Cambridge, P. J.**—Discussion on surgery in diabetes, 467
- on use of high carbohydrate diets in treatment of diabetes, 1313
- Campbell, J. M. H.**—Electrocardiograms in cases of heart-block, 709
- Canada,** hospitals in, a visit to (H. W. Featherstone), 103
- Canning,** effect on vitamin content of foods, 294
- Cappell, D. F., and Edington, G. H.**—Adenocarcinoma of undescended testicle in the horse: ? secondary growths in lung and mediastinum, 1139
- Capps, F. C. W.**—Thyro-hyoid pharyngeal fistula following cut throat, 1215
- Carbohydrate** diets, high, use of, in treatment of diabetes, discussion on, 1291
- Carbolic** acid, antibacterial effect of, in blood, 810
- poisoning, case of, report on, 63
- Carbon** dioxide, use of, in treatment of vasomotor rhinitis, hay fever and asthma (A. F. Hurst), 441
- Carbuncle** of kidney, 470
- Carcinoma** cutis, melanotic, 1010
- inoperable, of bladder, treatment of, discussion on, 1549
- of bladder, partial resection of, results of (S. G. MacDonald), 69
- Carcinomatosis,** abdominal, with probable adrenal involvement, case of, 139; (post-mortem findings), 920
- Cardell, J. D. Magor.**—Atypical nodular keratitis, 889, 1048
- Cardiac** rheumatism, juvenile, incidence of, in West of England, 1611
- Cardio-radiographic** index of estimation of posterior enlargement of heart, 1244, 1245
- Cardio-vascular** system, diseases of, association with dust-hazards, 532
- Carleton, A.**—Erythema elevatum diutinum, 392
- Carlill, H.**—Fröhlich's syndrome and hæmophilia, 1050
- Carlton, C. Hope.**—Compression fracture of 6th cervical vertebra, 37
- Congenital hydronephrosis with atrophic ureter, 1240
- Infantile type of kidney causing symptoms for 20 years, 1240
- Persistent ureteric sinus, 1239
- Carmichael, E. A.**—Ætiology of disseminated sclerosis: some criticisms of recent work, especially with regard to the "Sperula Insularis," 591
- Carotene** in flour, effect of bleaching on, 295
- Carpal** scaphoid, fractures of, prognosis in (J. P. Hosford), 982
- Cassidy, Maurice A.**—Abdominal carcinomatosis, with probable adrenal involvement, 139; post-mortem findings, 920
- Castellani, Sir Aldo.**—Discussion on adaptation of European women and children to tropical climates, 1319
- on treatment of intestinal amebiasis, 1546
- Cat,** avertin narcosis in, 247
- liver in, 1367
- Cataract,** complicated, of obscure origin, 456
- congenital, congenital deformities with stippled epiphyses and, 564
- extraction with conjunctival bridge, 756
- following exposure to electric fuse flash, 1042
- from exposure to X-rays, 759
- zonular, traumatic, case of, 169
- Cataplexy,** case of, 313
- Causalgia** in amputation stumps, 190

- Cawadiaz, A. P., and Weber, F. Parkes.**—Syndrome of obliterating arteritis of lower limb treated with angioxyl and various physical agents, 485
- Central** nervous system, capillary angiomas of, 366
- Cerebellar** abscess, otitic, with meningitis; isolation of petrous bone; drainage anterior to lateral sinus; lumbar puncture; recovery, case of, 1696
- right sided, and thrombosis of lateral sinus and jugular bulb; operated on Nov., 1905, and shown Otol. Society, Feb., 1906, 634
- cyst: result after operation, 114
- lesion? tumour, case of, 313
- Cerebello-pontine** angle tumour, case of, 1466
- Cerebral** hemiatrophy; atrophic sclerosis, case, 1471
- lesions, localized, grasp-reflex of foot in, 871
- tumour, case of, 1185
- tumours, mental symptoms associated with, discussion on, 997
- Cerebro-macular** degeneration, 1463
- Cerebrospinal** cholesteatoma, 348
- fluid, changes occurring in, in some intracranial complications of otitic origin (A. B. Rosher), 629
- Cervical** infection, backache and (C. A. Robinson), 1505
- rib, rudimentary, double, 277
- two cases of, 909
- Cervicitis** treated by diathermy, 274
- Chalcosis**, 80

mycosis fungoides with papillomatosis of areolæ, 679  
urticaria pigmentosa in adult, 1365
- Thomson**, Sir StClair.—A permanent tracheostomy in stenosis of larynx, 1588  
Discussion on frontal sinusitis and its treatment, 751  
on precancerous conditions of larynx, 302  
on sinusitis and its radiological demonstration, 1585  
Historical evolution of oto laryngology, 1074  
Tuberculosis of middle ear, as met with in adults in a sanatorium, 959, 968

- Thrombo-angiitis obliterans**, case of, 280  
of lower limbs with attacks of urticaria and angioneurotic edema, 1355  
treated with muscle extract, five cases of, 697
- Thrombocytopenia**, essential, familial, in boy aged 7, 709
- Thrombocytopenic purpura**, case of, 856  
post-plenectomy. Case of, 571
- Thursfield, Hugh**.—Congenital deformities with stippled epiphyses and congenital cataract, 564  
Congenital dilatation of ureter, 561  
Unusual case of congenital syphilis, 858
- Thyro-glossal tract**, colloid cyst of: specimen dissected out, 1642
- Thyro-hyoid pharyngeal fistula** following cut throat, 1215
- Tibia**, osteitis of, gummatous, case of, 141
- Tidy, H. Lethaby**.—Discussion on ulcerative colitis, 797
- Tilley, H.**—Chronic suppuration of left frontal and ethmoidal sinuses cured by external operation after eight intranasal interventions, 1633  
Discussion on frontal sinusitis and its treatment, 745  
on injuries of ear arising from fractures of skull, 1119  
on obstruction at upper end of oesophagus, 1205  
on permanent tracheostomy for stenosis of larynx, 1594  
on precancerous conditions of larynx, 307
- Extrinsic tumour** in right posterior mediastinum, causing temporary dysphagia, 443
- Pulsating hæmangioma** on dorsum of nose, 1038
- Specimens** illustrating relationship between certain type of accident and this age of mechanization: (1) "Baby Austin" model impacted in gullet; (2) Model of aeroplane impacted in gullet; (3) Fountain-pen clip in right bronchus, 1644
- Tinnitus**, relief of, intracranial division of auditory nerve for, 634
- Todd, A. H.**—Post-fixed brachial plexus, 1375
- Tongue**, carcinoma of right side of, patient operated upon in 1902, 1025  
epithelioma of. Operation on tongue. No recurrence, 921  
hairy, black, two cases of, 518  
lesion, unusual, in lichen planus, 1649  
malformation of, with absence of lateral ocular and facial movements, 1066  
monilia of, and syphilis, 1009  
pharynx and larynx, showing complete disappearance of an extensive carcinoma after use of radium: specimen, 309  
showing inflammation of glands of Blandin, 1039
- Tonsil**, endothelioma of, with Vincent's organism, 1642  
tumour removed from, specimen from, 1641
- Tonsillectomy** and operations on upper air passages in relation to suppurative disease of lung, 9
- Tonsillectomy**, septicæmia following, report on two cases of, 319
- Tonsils**, operations on, pulmonary suppuration following, 17
- Tooth formation**, defective, due to inadequate diet, 291
- Tortoise-shell spectacles**, artificial, dermatitis caused by, 518
- Toxæmia** in relation to sexual neurosis, 833
- Toxamin** in cereals, 292
- Trachea**, radium necrosis of, following insertion of radon seeds into carcinoma of thoracic part of oesophagus, 778  
sarcoma of, case of, 1637
- Tracheostomy**, permanent, in case of lupus of larynx, 1636  
in laryngeal stenosis, 1637  
in stenosis of larynx (Sir StClair Thomson), 1588
- Tracheotomy** in adult for cedematous laryngitis in scarlet fever, 1027
- Transillumination**, mask for, 1040
- Transport**, ambulance, in undeveloped countries (P. H. Henderson), 1657  
by animal transport, 1661  
by man and animals, 1660  
cacolets and other carrying devices, 1662  
carriage by man, 1659  
motor transport, 1670  
mule litter and travois, 1663  
railway and air, 1671  
sledges, 1667  
transport animals, 1669  
use of camels, 1667, 1670  
wheeled animal transport, 1668
- Trapham, Thomas** (Cromwell's surgeon) and others (G. C. Peachey), 1441

- Tongue showing inflammation of glands of Blandin**, 1039
- Tympanic** membranes, incomplete perforation of, in case of acute otitis media, 1122
- Typhoid** and peptic ulcers, perforation of, the small incision for (A. D. Wright), 979
- Ulcerative** colitis, discussion on, 785
- Ulcers**, simple, of body of stomach, surgical treatment of, discussion on, 1279
- Ulnar** epiphysis, lower, osteochondritis juvenilis of, 912
- palsy occurring 35 years after fracture of external condyle of humerus**, 1377
- Ultra-violet** light, effect in two cases of alopecia totalis, 392
- United States of America**, practise of anaesthesia in, 103
- Urachal** fistula, 1385
- Ureter**, dilatation of, congenital, 561
- papilloma of (specimen)**, 1239
- Ureteric** sinus, persistent, case, 1239
- Urethra**, deformities of, 1387
- Urinary** tract, lower, congenital deformities of (A. R. Thompson), 1385
- Urograms**, excretion, of hydronephrosis before and after pyeloplasty, 1231
- series of**, illustrating uroselectan method of intravenous pyelography, 763
- Uroselectan** method of intravenous pyelography, series of urograms illustrating, 763
- Urticaria** pigmentosa, cases of, 95, 100, 102, 1365
- Uterus**, acute puerperal inversion of, fatal case of, 1625
- body of**, carcinoma of, vaginal metastases in, 117
- inversion of**, chronic, two cases of, 1626
- Uvula**, papilloma of, large, 1634
- Vaccination**, preventive, against tuberculosis with BCG (A. Calmette), 1481
- scar**, lupus vulgaris in, 398
- Vaccines**, staphylococcal, intradermal injections of, syccosis treated by, 1356, 1358
- Vagina**, metastases in, from carcinoma of body of uterus, 117
- method of dissemination**, 118, 119
- Vaquez** disease. *See* Polycythemia rubra
- Varicocele**, hydrocele, bursae and naevi, injection treatment of (A. E. Porritt), 971, 973
- Vascular** tumours of brain and spinal cord, discussion on, 363
- ocular hemangiomatous formations associated with**, 372
- Vaughan**, Janet.—Discussion on therapeutic uses of iron, 560
- on value of liver in treatment**, 929
- Veneral** disease, age incidence of, 1082
- epidemiology of**, some aspects of, 1081
- incidence in large cities compared with that in smaller places**, 1081
- prophylaxis in the Services** (H. R. B. Hull), 1263
- Verrell**, P. Jenner.—Pre-natal separation of lower femoral epiphysis, 35
- Some amputation problems**, 183
- Vertebra**, cervical, sixth, compression fracture of, 37
- lumbar**, first, transverse process of, fracture of, headache due to, 922
- Vertebrae**, lumbar, old crush fracture of, 1023
- Vertebral** disease and paraplegia, 1060
- Vertico-mental** radiological view in sinusitis, 1580, 1582
- Vertigo** after radical mastoid operation: cured by injection of alcohol into labyrinth, 970
- Vesical** calculus passed per vaginam, 875
- Veterinary** practice, gland-grafting in (G. P. Male), 1473
- radiology in**, 647 *et seq.*
